

Applicants also respectfully request that the above-captioned application be amended as follows:

IN THE CLAIMS:

Please add new claims 11-13 as follows:

--

11. A method of using an herbicide combination for controlling harmful plants in soybean crops, wherein the herbicide combination comprises glufosinate-ammonium and cloransulam-methyl.
12. A method of controlling harmful plants in tolerant soybean crops, which comprises applying glufosinate-ammonium and cloransulam-methyl, jointly or separately, pre-emergence, post-emergence or pre- and post-emergence to the plants, parts of the plants, seeds of the plants or the area under cultivation.
13. An herbicidal composition for controlling harmful plants in soybean crops, comprising glufosinate-ammonium and cloransulam-methyl. - -
